Selection

Criteria	Description
Excellence	<p>Ambition: to what extent the proposed experiment is beyond the State-of-the-Art and what is the innovative approach behind it (e.g. ground-breaking objectives, novel concepts and approaches, new products, etc.)</p>
	<p>Innovation: level of innovation within their market and degree of differentiation that the experiment will bring.</p>
	<p>Soundness of the approach: objectives of the proposed experiment to be clearly defined, relevant and aligned with the SMART4ALL project objectives, verticals and competence fields. Elevation of TRL clearly justified.</p>
Impact	<p>Benefits of the collaboration, in terms of technical and/or business/market expectations, and to what extent this particular collaboration will lead to a successful experiment and high economic impact.</p>
	<p>Market opportunity: demonstrate whether the new/improved product has market potential, e.g. because it solves a problem for a specific target customer.</p>
	<p>Competition analysis for the experiment product/service and if the proposal is disruptive and breaks the market.</p>
	<p>Commercial Strategy and Scalability: How the experiment is scalable and able to be commercialised to solve a structural problem in a specific sector/process/etc., using convincing business model and projections.</p>
Implementation	<p>Work plan: clearly described and fully aligned with the objectives, including Work packages, tasks and responsible partners. The time plan should be realistic and achievable, coherent and effective.</p>
	<p>Team: Management and leadership qualities; balanced and cross-functional.</p>
	<p>Quality and effectiveness of the resources assigned in order to get the objectives/deliverables proposed. ¹⁰</p>

- Each criterion will be scored from 0 to 5. The threshold for individual criteria will be 3. The overall threshold, applied to the sum of the average of three individual scores of the 2 evaluators, will be 10.
- Applicants including at least 1 member of the **SEE region** in their consortium will be given **1 extra point** to the overall score.

List of SEE countries

Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Greece, Hungary, Kosovo, Moldova, Montenegro, North Macedonia, Romania, Slovakia, Slovenia and Serbia

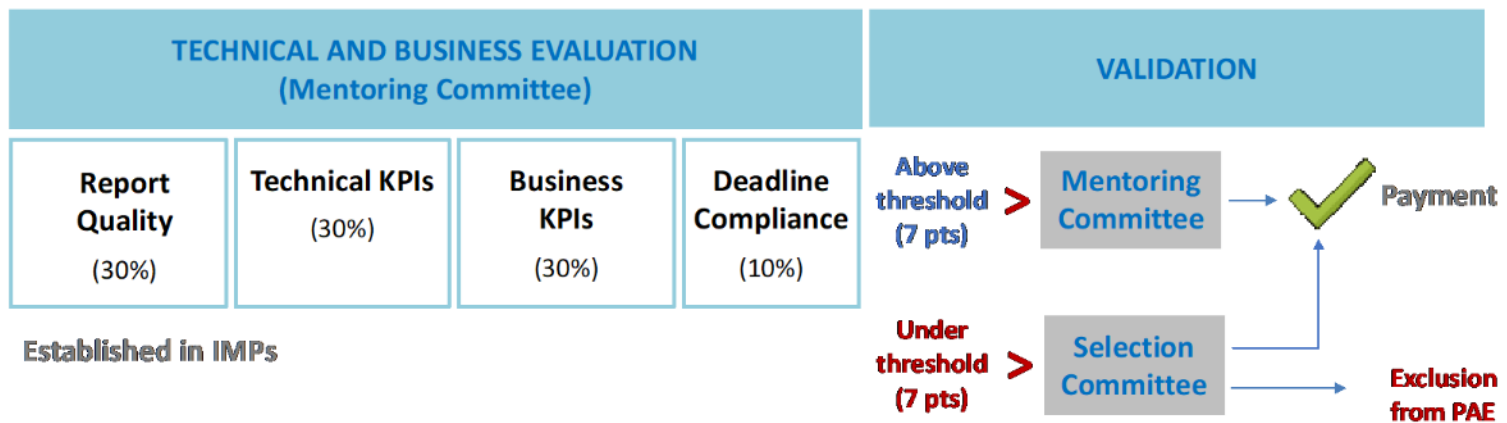

- Proposals addressing current and future problems stemming from the **COVID-19 crisis** will be given **1 extra point** to the overall score.
